

Capt. BVJK Sharma
Joint Managing Director & CEO
JSW Infrastructure Ltd

With over 36 years of experience, Captain BVJK Sharma played an extensive role in the advancement of Indian maritime sector including shipping, marine management & port connectivity and administration and creation of efficient and sustainable infrastructure across India. As Joint Managing Director & CEO, Capt. Sharma steered JSW's Infrastructure business to an enterprise value of USD 1.5 billion. Currently, ports and terminals operating under JSW Infrastructure have cargo handling capacity of 70 million metric tonnes per annum with additional 100 mmta at various stages of construction. Under his aegis, the organisation is aggressively moving towards achieving port capacity of 200 MMTA and creating an enterprise value of USD 4 billion by 2020.
