

Capt. Debabrat Mishra
Executive Director [Projects]
OSL Group

Having been a Captain from A. P. Moller, Capt. Mishra has first-hand experience in the maritime industry specializing in ship, port/terminal and cargo handling operations in addition to an in depth passion for research to improvise and add value to the supply chain process. After serving for 15 years at sea, he has for the past ten years focused on developing software solutions / consultancy for the maritime and its derivative sectors. He had been invited in various international symposiums as speakers for port and terminal. His white papers on port optimizations been published on the Esquire website. He is actively giving consultancy to various terminals, shipping companies and maritime sector for over a decade.
